Portfolio

OBJECTIVE

Seeking an opportunity in Cybersecurity and Network Security to apply my knowledge of networking fundamentals, VAPT, routing & switching, and security tools while continuously improving my technical skills.

SKILLS

- Networking: TCP/IP Fundamentals, Subnetting, Routing & Switching Basics, VLANs, DNS, DHCP, NAT, ACL Fundamentals, Network Security, Cisco Packet Tracer
- Cybersecurity & VAPT: Vulnerability Assessment & Penetration Testing (VAPT), OWASP Top 10, SQL Injection, XSS, XXE, Burp Suite, Metasploit, Nessus, Nmap, Wireshark
- Systems & Platforms: Linux Administration, Kali Linux, Firewalls, Windows Environment
- Programming & Development: Python, PHP, Bash, Dart (Flutter Basics)
- Mobile Security: Android App Hardening, Code Obfuscation, DRM Implementation, Device Binding
- Soft Skills: Communication Skills, Problem Solving, Team Collaboration, Technical Documentation, Fast Learner

PROJECT

- **Engineering Express – Educational Application**
Developed an educational Mobile and Web application for engineering students using Flutter and Gen AI.
- **TAXNET Network Design & Analysis**
Worked on basic network analysis, security assessment, and technical documentation during Network Security internship.
- **OWASP Top 10 VAPT Reports**
Prepared vulnerability assessment reports with remediation recommendations based on OWASP Top 10 vulnerabilities.
- **Cisco Packet Tracer Labs**
Practicing network configuration and simulation including VLANs, Subnetting, Routing & Switching basics. Awards and Acknowledgements

DISTINCTIONS AND HONORS

- Hands-on with TryHackMe Labs, solved 100+ cybersecurity and networking labs including OWASP, Enumeration, Web Exploitation, Networking Basics, and Packet Analysis
- Hands-on with PortSwigger Web Security Labs, solved 100+ labs related to SQL Injection, XSS, Authentication, Access Control, and XXE vulnerabilities
- Prepared VAPT reports based on OWASP Top 10 vulnerabilities with remediation recommendations and security analysis
- Learning Networking and CCNA Fundamentals through Cisco Networking Academy
- Ethical Hacker Course – Cisco Networking Academy | Ongoing
- Introduction to Networks (CCNA Fundamentals) – Cisco Networking Academy | In Progress
- Basic hands-on experience with Cisco Packet Tracer for network configuration and simulation
- Member of Cybersecurity Club and Tech Talk & Workshop Community in college
- Participated in cybersecurity workshops, practical labs, and networking-related learning activities

EDUCATION

- **Bachelor of Technology (B.Tech) in Computer Science & Engineering** **2022 – 2026**
Dr. A.P.J. Abdul Kalam Technical University (AKTU), Uttar Pradesh
Completed: 2022 – 2026
- **Industrial Training Institute (ITI) – Electronics Mechanic** **2018 – 2020**
Government Industrial Training Institute, Kharkhauda, Meerut, Uttar Pradesh
Completed: 2018 – 2020
- **Senior Secondary (12th)** **2017 – 2018**
Tagore Shiksha Sadan, Hapur, Uttar Pradesh
Completed: 2018 | UP Board
- **Secondary (10th)** **2015 – 2016**
Shanti Swarup Krishi Inter College, Hapur, Uttar Pradesh
Completed: 2016 | UP Board

INTERNSHIP & WORK EXPERIENCE

- **Cyber Security Intern | Codec Technologies Pvt. Ltd.** **Oct 2025 – Jan 2026 | Hybrid / India**
 - Completed a 3-month AICTE & ICAC approved Cyber Security internship.
 - Gained practical exposure to VAPT, Network Security, and security operations.
 - Worked on security concepts, reporting, and basic traffic analysis.
- **Network Security Intern | ITPF Technology Private Limited** **Mar 2025 – Jun 2025**
 - Worked on "Design and Analysis of TAXNET Network".
 - Assisted in network design, security analysis, and vulnerability assessment.
 - Gained understanding of routing, switching, and network infrastructure basics.
- **Networking & CCNA Practice | Self Learning**
 - Learning TCP/IP, Subnetting, VLANs, Routing & Switching fundamentals.
 - Practicing network simulation using Cisco Packet Tracer.
 - Studying CCNA fundamentals through Cisco Networking Academy.
- **Volunteered at CyberPeace Dialogue Event** **Dec 2024 | IIIT Delhi**
 - Participated in cybersecurity awareness activities, technical sessions, and collaborative events.
- **Hands-on with TryHackMe & PortSwigger Labs**
 - Worked on TryHackMe and PortSwigger labs related to networking, web security, enumeration, packet analysis, and vulnerability exploitation.

CERTIFICATIONS & LAB'S

- **Cyber Security Internship** – Codec Technologies Pvt. Ltd. (AICTE Approved) | Jan 2026
- **Ethical Hacker Course** – Cisco Networking Academy | Ongoing
- **Tutodude course & Certificate** – Ethical Hacking | Cloud Computing | System Design
- **Introduction to Networks (CCNA Fundamentals)** – Cisco Networking Academy | In Progress
- **Cisco Packet Tracer Networking Labs** | Ongoing
- **Cybersecurity Essentials** – Cisco Networking Academy | Ongoing
- **Junior Cybersecurity Analyst Pathway** – Cisco Networking Academy | Ongoing
- **Practical Ethical Hacking** – TCM Security | In Progress
- **Cybersecurity Analyst Job Simulation** – Tata (Forage)
- **Cyber Job Simulation** – Deloitte (Forage)
- **Hands-on with TryHackMe & PortSwigger Labs** – OWASP, Networking Basics, SQL Injection, XSS, XXE Awards and Acknowledgements
